- Fiddle – Techniques (bowing and ornamentation)
- Welsh fiddle music from 17th century to modern day.

- Aural Transmission – how to learn by ear. (any melody lead instrument)
- Tunes for teenagers – simple, intermediate and advanced tunes for enthusiastic teenage folk instrumentalists. (any melody lead instrument)
- The influence of folk music in other genres.

Workshops should contain between 4 and 20 people. Students must bring their own instruments. Hand outs are given at the end of the workshop.
